

Welcome to RQ+: Your End-to-End Officiating Services Platform

LEAGUE OPERATOR

RQ+ Benefits for League Operators

Empower your NFL FLAG league with the tools and training needed to streamline operations and elevate the game-day experience, at no cost to operators. The RQ+ platform connects your league with a nationwide infrastructure designed to recruit and certify NFL FLAG Football Officials.

Zero Software Costs & Financial Barriers

Running a premium league shouldn't mean paying premium software fees. Operators receive full access to the RQ+ technology suite completely free of charge.

- **RQ Express Assign:** Schedule and assign officials effortlessly using automated availability, multi-field workflows, and conflict-resolution tools.
- **RQ Pay:** Manage game fees and compensate officials securely without added financial overhead.
- **RQ Collab:** Centralize video sharing, staff evaluations, and officiating collaboration for zero cost.

Elite Officiating & Standardized Education

Consistent, level-headed officiating is the foundation of a successful league. The RQ+ platform ensures every official stepping onto your fields is thoroughly prepared to manage the game.

- **Access to NFL FLAG Officiating Director:** Tap into direct professional oversight and expert guidance to align your local league with national standards.
- **Standardized Education:** Equip officials with unified training, rule tests, and video content so the game is called consistently across all fields.
- **Mass Certification Initiative:** Seamlessly verify that your officials have completed all necessary training, testing, and requirements before their first assignment.
- **Elevated Game Quality:** Better training and accountability reduce on-field friction, creating a smoother, safer, and more competitive environment for athletes, coaches, and parents.

Streamlined League Management

Take your time back to focus on your stakeholders while the platform handles the logistical heavy lifting.

- **Integrated Text and Email:** Keep officials updated instantly with built-in alerts, schedule changes, and direct messaging capabilities.
- **Onboard Affiliated Organizations:** Easily integrate and manage multiple local or affiliated flag programs under one centralized, highly efficient system.
